

Notes From the Office:

*Pool Maintenance: Because the pool was just emptied, thoroughly cleaned, and now balanced again, we are taking this moment to remind you to shower before entering the pool area, and after using the restroom before getting back into the pool. This helps keep the chemicals balanced and the pool clear. Thank you for your cooperation!

*Gym Equipment: We appreciate your attention to the sanitation of all machines, weights, and gym equipment in between users. While we want to ensure you continue wiping equipment down with the wipes provided, please also being conscientious of the number of wipes you are using.

*We will be starting the transition of some of our content off the www.clubfv.com website. The month of March will be the last month we update the google calendar that is posted to the website. Please refer to Calendars on TownSq, or the Events tab also on TownSq for PDF versions. Registration for events will continue through the clubfv website.

*Please do not park in the clubhouse, lodge or garden parking lots overnight.

Over 70 years ago, France, under pressure from Soviet-backed forces, ended the colonial control of Vietnam. Over half a century after U.S. withdrawal, Vietnam is a very different country with a bustling economy and relatively friendly relations with the United States. Join Active Minds as we take a look back at the evolution of Vietnam with a particular focus on its relationship with its neighbor China. More info [HERE](#).
